

BEKONEKOZ

What are **BekoNekoz**?

BekoNekoz are Metaverse-ready voxel pets that are generated with our custom unique Beko creation algorithm. The name "BekoNekoz" is a combination of the Japanese Maneki Neko and the English translation - Beckoning Cat! As legend has it, take good care of your BekoNekoz and they will bring you good fortune and generate you 🍀 \$LUCK!

BEKONEKOZ

Bekonekoz have come to life!

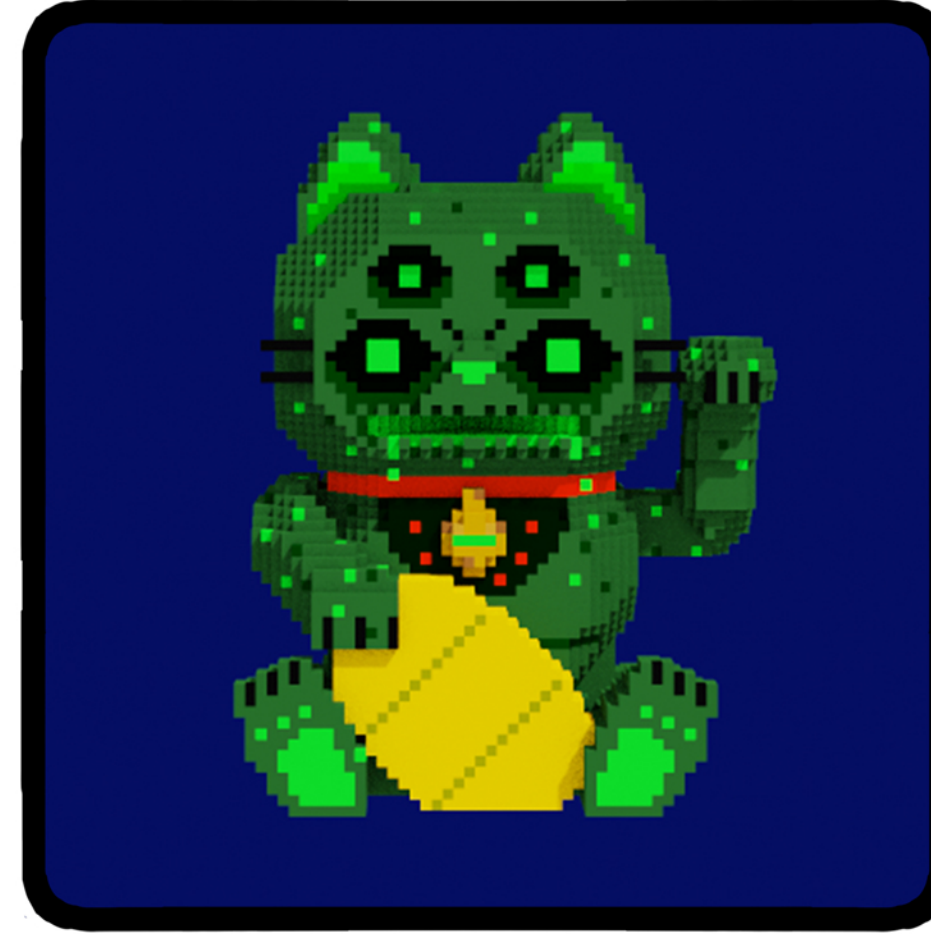

Over the course of the past 6 months, our artist has been perfecting the voxel Bekoz in a monastery on top of a snowy mountain, above the Bekoz Neighborhood. He has returned from isolation with handcrafted traits and lovingly animated Bekoz! All of our Bekoz have a unique combination of traits with varying rarities. We also have a few legendary and cursed cats that are awesome 1/1's. Note, however, that 1 Beko = 1 Beko!

BEKONEKOZ

Legendaries and Cursed!

Collect a total of 10 legendaries and 4 legendary "Cursed" Bekoz.
Legendaries will have unique interactions that will be a surprise
to our Beko holders. Many of our legendaries have not been revealed.
They're waiting to meet you on reveal day!

🍀 Good luck! 🍀
